

## Master Varitemp<sup>®</sup> Heat Guns

VTS-750  
*Deluxe Varitemp Heat Gun*

- Varitemp Heat Guns use a powerful motor driven blower and durable electric heating element to produce a reliable stream of heated air. Power ratings up to 1,000°F /530°C at 1740 watts (120V) with air flow at 23 CFM means jobs get done faster.
- Made in the USA, these heavy duty, industrial quality heat guns offer the handiest, safest way to get fast, variable temperature flameless heat needed for thousands of uses in the factory, laboratory or workshop.
- Two unique Varitemp Heat Gun stand types, along with an exclusive electronic temperature control, enable you to easily find the right operating position and temperature for the most effective results for your application.
- A broad range of optional attachments make the Varitemp ideal for a wide variety of heating, shrinking and drying applications. The Varitemp Heat Gun Kit package combines storage, portability and popular attachments.

# Varitemp® Heat Guns

## Deluxe Varitemp Heat Gun with versatile hands-free stand

Stable, deluxe heavy-duty, metal stand with non-slip rubber feet, adjustable handle and spring loaded slide grip allow for easy selection of multiple pivoting angles for hands-free or hands-on use, providing the best balance and aim.

### Varitemp Heat Guns:

- High temperature and power ratings: Up to 1000°F/540°C at 1740 watts
- Accommodates most industrial and commercial applications
- High air flow rating: 23 CFM at 3000 FPM gets the job done fast
- Powerful high speed universal motor
- Sturdy die cast aluminum housing is rugged and light weight
- Double protected heating element housing
- Easily replaceable, reinforced, mica-insulated ceramic heating element
- Externally accessible carbon brush holders for quick replacement
- Three position "OFF-COLD-HOT" rocker switch
- 6 foot, 3-wire grounded cordset made with flexible, oil and sunlight resistant rubber jacket.
- Variable temperature control provides easy dial-in temperature adjustment from ambient to 1000°F / 530°C
- UL Listed. Made in USA
- Use to shrink tubing and packaging, bend plastics, cure adhesives, dry and heat parts, strip paint, defrost frozen pipes, heat sensitive materials, solder/desolder and more

Pivoting handle and slide grip

Brush, Spring, and Cap (2 each)

## Standard Varitemp® Heat Gun with pivoting hands-free stand

Standard VT Heat Guns have all of the features of the VTS Heat Gun shown on the opposite page.

Standard VT Models are manufactured with the traditional non-slip rubber-backed metal stand with 90° rotation and contoured well balanced handle.

VT-750C-MC comes with a Momentary Contact Safety Switch. This switch type immediately shuts off the heat gun when it is released, for added safety.

The Industrial Heat Gun was invented by Master Appliance in 1958. These rugged aluminum body heat guns set the quality standards for professional users. Today with multiple enhancements and accessories these heat guns are ever more useful and versatile. Quality and user replaceable parts help make your Master Heat Tool a reliable partner in your success.
